

Walnut Hills High School

Annual Fund 2020

6ft.

$$4=yx^2$$

Dear Alumni,

Greetings from High on the Hill. We hope this finds you and your family safe and well.

Now is the time to put down your electronic devices (yes, you have permission) and get prepared to feel uplifted and full of hope. This is not the story of an institution that will go by the wayside. It is a story of how during an ever changing landscape we are re-examining the what, how and why we do things, adapting to change, thinking creativity, working collaboratively, and maximizing time and resources without losing sight of our goal: To provide our students with the Walnut Hills experience of unparalleled opportunities, personal growth and preparation to succeed at the college level and beyond.

I know our alumni family is wondering: In this challenging time, just what is WHHS doing?

Are we in school? Are we remote? How are things going? I will attempt to answer all your questions and give you a glimpse into both WHHS life during COVID 19 as well as the support the Foundation has given along the way.

Through it all, you have stood by our side. You have risen to the challenge when we have asked. It is of great comfort to this institution, administrators, faculty and students alike, to know that you will be there as we move forward. We do not know the specifics of what we will need this next year. We do know we will have needs that could change depending on whether students are learning 100% remotely, are in school full time, or are on a hybrid schedule. We are asking that you once again stand by our side with your support. We also understand that during this time you or your family may have limited resources due to the far reaching impact of the COVID 19 epidemic. We are most appreciative of any size donation and we say a sincere thank you.

*Sursum Ad Summum*

Debbie Heldman  
Executive Director  
WHHS Alumni Foundation

## OVERVIEW

Last year we ended the final quarter of school remotely and it proceeded fairly well. Our students took AP exams—1178 students took 2882 exams, with 80% achieving a scores of 3+ or higher. WHHS applauded 24 National Merit Semi Finalists and 20 National Merit Commended Students were announced! This is 8.3% of our senior class.

We used the summer and early fall to develop and assess different plans of operation for the school year depending on the circumstances, as well as using the parameters set forth by the Cincinnati Public School Board. There were two overarching mandates if we were to be in session, all students and faculty must adhere to the 6ft social distancing CDC recommendation and if students were to learn remotely, they should not spend more than four hours online.

6ft.

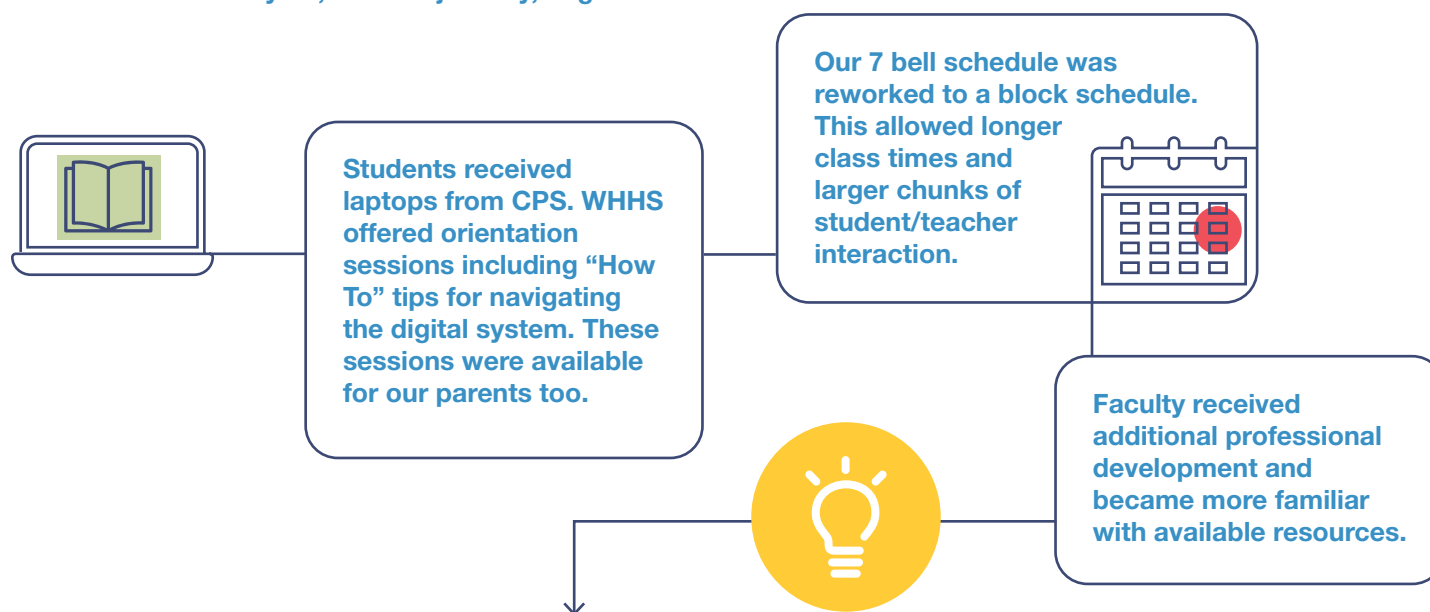

## OUTCOME

Our space, combined with our average class size, did not allow us to accommodate our 3,000 students with the social distancing mandate. Even if we did have the space, we would need approximately 60 additional teachers to meet our mandate. While everyone agrees that the best scenario for students is to attend class in person, after considering a multitude of plans, it was determined that in person classes were not feasible.

## NOW WHAT?

Once determined that we would be remote, we focused our energies on maximizing our time/results with our students in this virtual setting. After ending last year's school year, we noted some of our students and faculty were not on the same level of technology competency.

The 2020-21 school year, and our journey, begins here:

### Teaching of Note...a non-traditional approach to teaching music

John Caliguri teaches 300 students in all levels of orchestra. As one might expect, this class is a hands on experience for students and teaching it remotely with limited group performance time has presented challenges. John has had to rethink his teaching practices. Normally students listen to a piece and a brief history is shared in class. Written assignments are rarely given. John changed it up by giving a written assignment which required a response to the following question:

*After listening to Symphonie Fantastique, might there be clues to the listener that their marriage was doomed from the beginning? Please write one paragraph using themes and emotions you used from the previous assignment that might give the listener the sense that his love for her was an unhealthy obsession rather than a love that would be eternal.*

Here is an example of one of the answers.

#### **Symphonie Fantastique Final Thoughts by Brodie Kreder, 9th grade, Senior Orchestra, cello player**

*I believe that there are many signs that the marriage was doomed from the start. The first of these signs are the low and somber notes being played near the start of the first movement. This acts almost as a form of foreshadowing of what's to come by suggesting that despite the happiness throughout the rest of the piece, the doom is inevitable. Another reason I believe the marriage was doomed from the start is how in the final piece, it has the Idee Fixe play, but it ends up twisting into the "witches dance." This adds a sense of obsession rather than love because even though our protagonist had married her for how she appeared (the Idee Fixe) it contorts into the horrifying dance (the murder and ending love) which clearly demonstrates the difference between what was expected (eternal love) and what was truly present (unhealthy).*

This assignment required the student to articulate in writing what he is hearing. Brodie applied the knowledge he had learned in class discussion and used analytic skills thinking through a music lens.

This speaks to the tenants of a classical education, using all disciplines in concert. Can you imagine this student playing the actual music and the depth of his performance with this background understanding? While we have shared only one example of a teacher using their creativity, we see this ingenuity exploding across the disciplines!

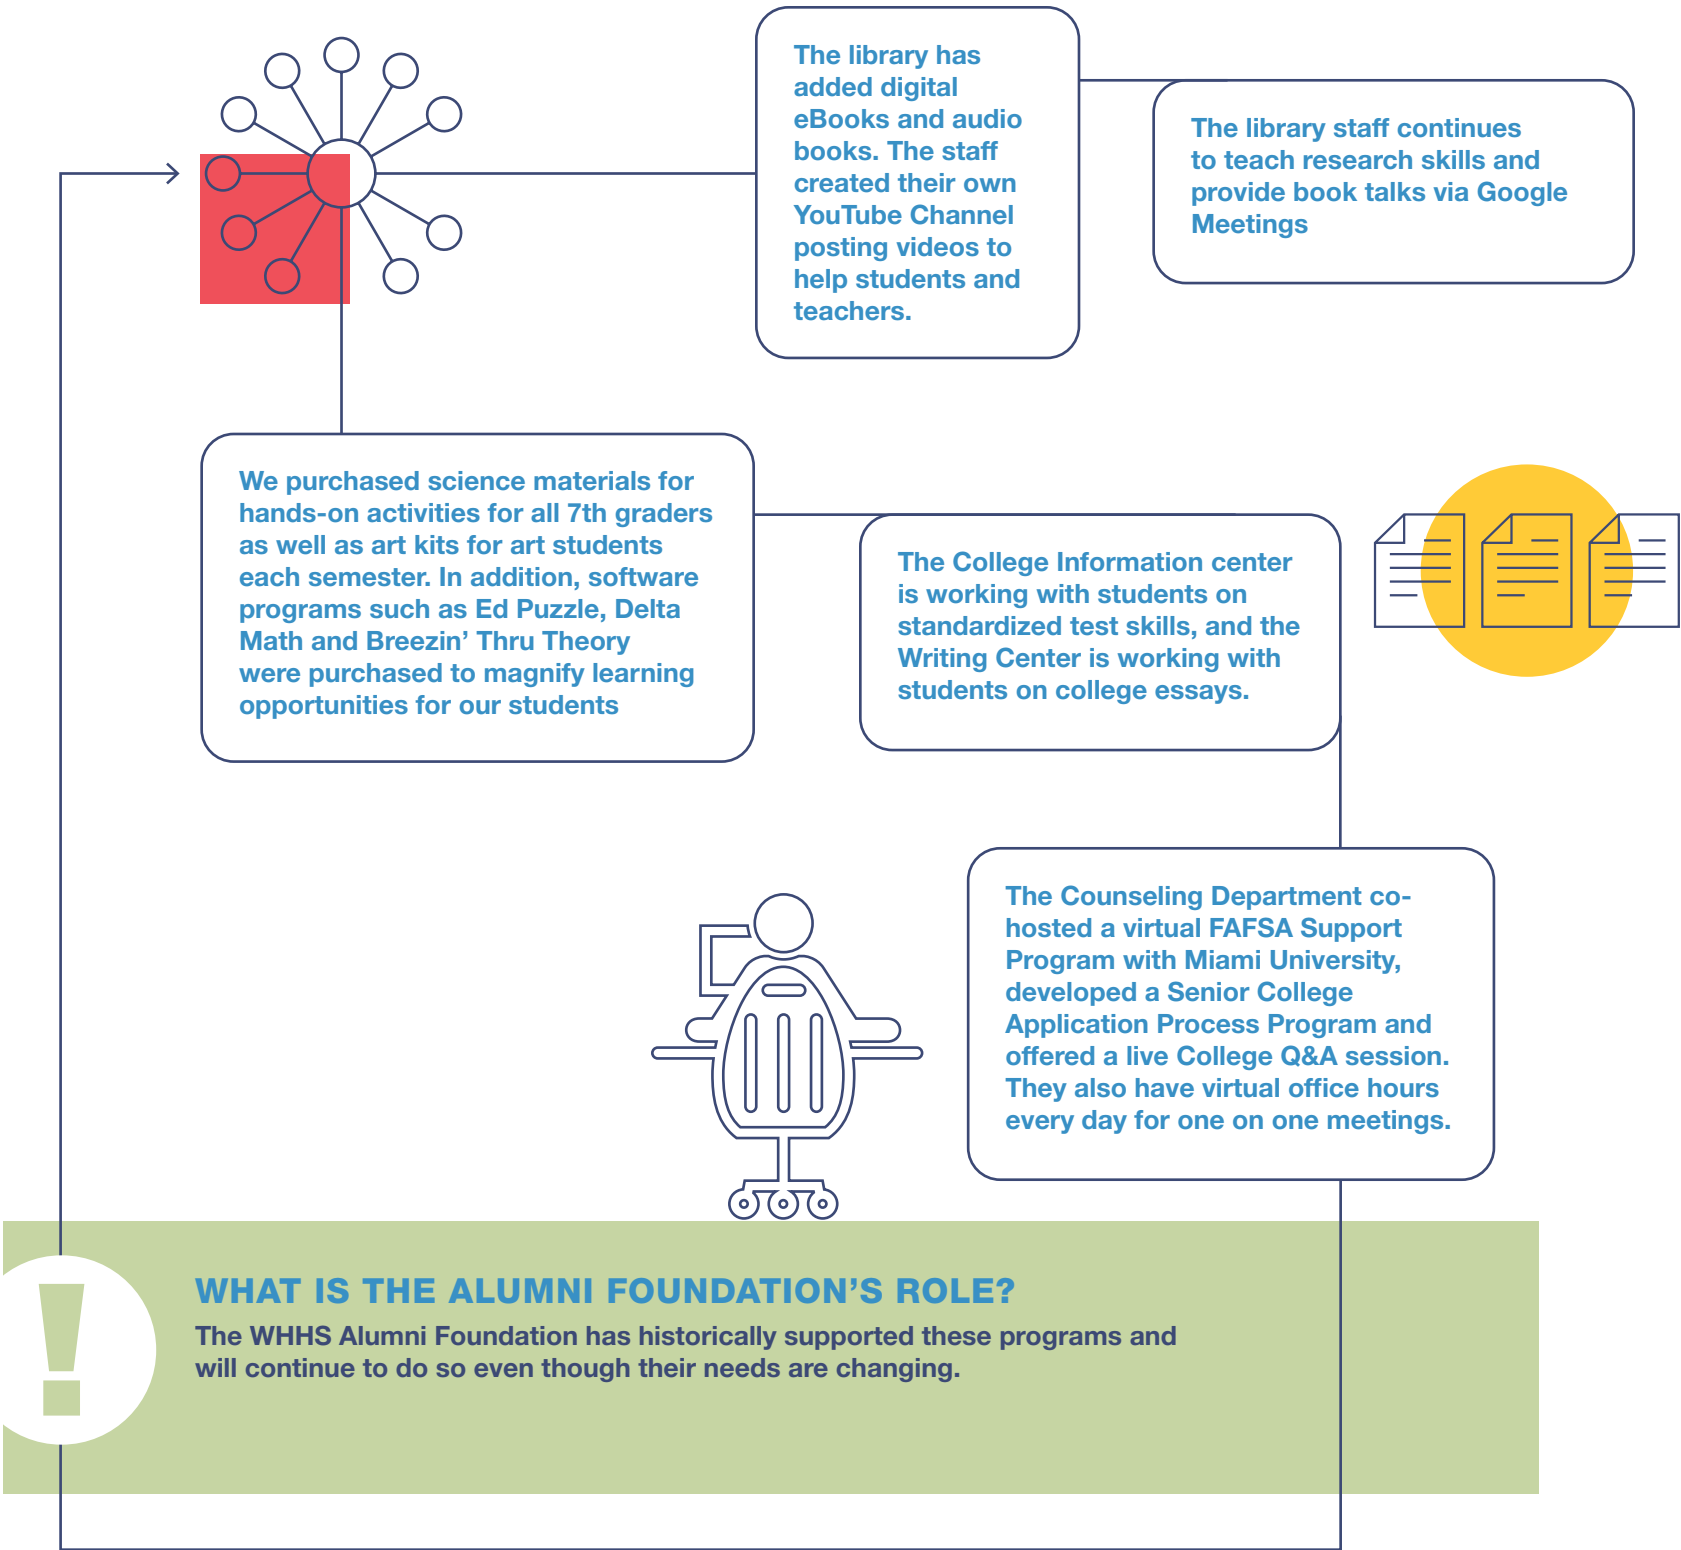

HOW DO WE SUPPORT OUR STUDENTS AND FACULTY?

While we cannot bring our entire student body back at one time, we are looking for ways to bring small groups back. This might involve allowing 7th graders entry for in-classroom learning or small study groups for Advanced Placement Courses.

Support systems such as the Library, Student Success Center, Counselors, College Information Center, and

Writing Center are working full steam ahead, delivering their services remotely.

Our faculty has reached out throughout the school year requesting supplies and on-line resources to enhance the efficacy and engagement of our students as they learn remotely.

WHAT ABOUT SPORTS, CLUBS AND EXTRACURRICULARS?

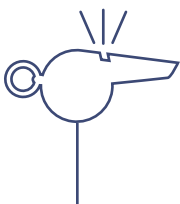

Fall athletics met for practice and competition following the Ohio State Athletic Association rules.

Clubs and extracurriculars are meeting! Forty of our sixty clubs are meeting in some capacity.

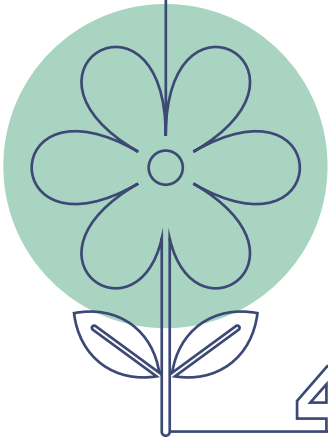

Math Team is competing and doing well. Our Robotic Team has built the robot; competitions are being held remotely

and some with a limited amount of participants. Oh, and yes, our Boo Radley Club continues to deliver words of encouragement to our faculty and student body.

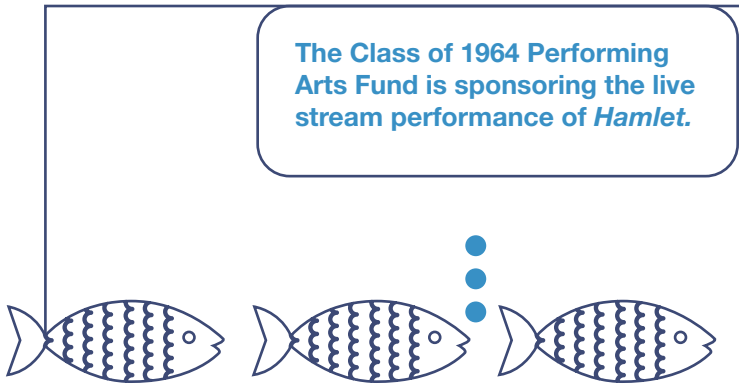

The Music Department is working on virtual concerts and the Theatre Department will stream Hamlet live!

400 athletes were able to participate in the 2020 Fall Sports Season. Girls and Boys Cross Country, Girls Varsity Tennis, and Boys Soccer moved on to regional and state competitions. Swimming hosted its first ever 7 week pre-season swim clinic.

$4=yx^2$

The Class of 1964 Performing Arts Fund is sponsoring the live stream performance of Hamlet.

WHAT'S NEXT?

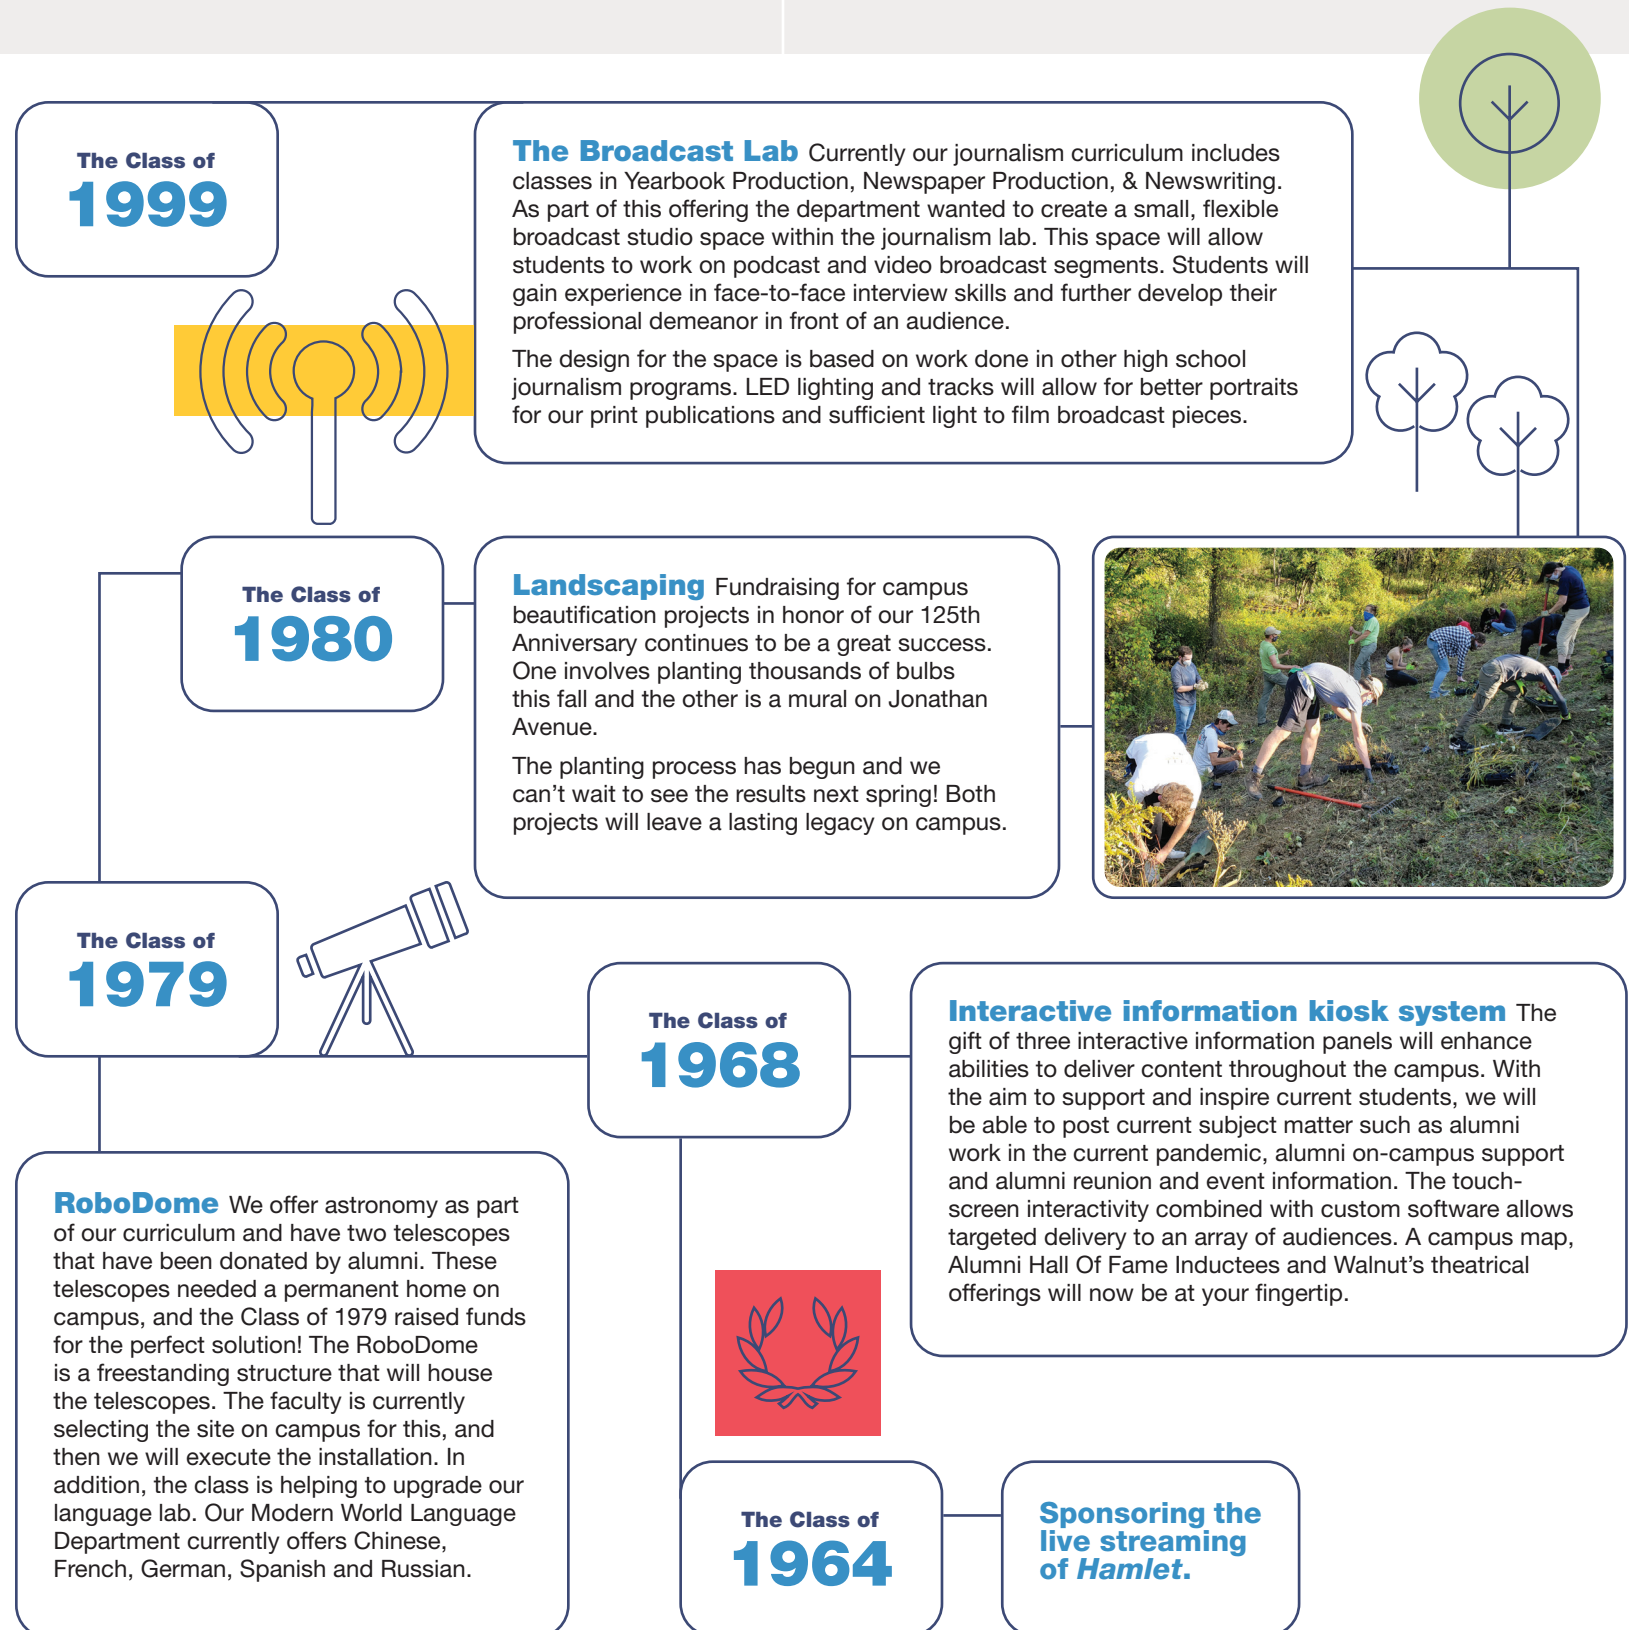

We have just finished our first quarter and will be assessing what worked and what we need to improve upon. A good barometer is that attendance is very high; students are showing up for classes. ACT/SAT tests are being given on-site. Counselors and teachers are busy writing college recommendations and thousands of college applications are being processed as usual.

## HOW HAVE ALUMNI RESPONDED?

Take off your masks and please give a big shout out to the following classes! Last year, several of our classes, in lieu of their reunions, raised funds for specific projects to enhance WHHS for our students. Even though our students are not on campus, we are using this opportunity to implement some of the projects for when they return.

Thanks to all of our Eagles, who flocked together to respond to our “Cover all your Faces..and our bases” campaign to provide facemasks for our students as well as your families. This “community spread” is a prime example of alumni support for the greater good.

## WHAT HAS REMAINED CONSTANT?

Despite the Class of 2020 ending their time at Walnut remotely, they earned acceptance into colleges and universities from border to border, coast to coast. The students from the Class of 2020 are pursuing the fine arts, medicine, law, engineering, business and the liberal arts. Many have multiple majors. We have heard from students—some attending classes in person, some online and some a combination of both. A few have taken a gap year. They are

resilient and they are purposeful, following in the footsteps of their predecessors. As with each graduating class, there is no doubt that our future is in good hands.

Below are excerpts from thank you letters written by our Class of 2020 scholarship recipients. After reading these, we think you will agree, WHHS grads dream big and are rarely deterred by bumps in the road. *Sursum Ad Summum*

### **Mohit Pinninti '20** **Georgia Institute of Technology**

...Until then though, it's going to be hard to leave the school that I've spent six years at. I remember countless times telling my parents that I would rather go to ultimate practice or Ping Pong Club after school and wait until 7:30 or even 8 for them to pick me up instead of taking the bus home after seventh period. I had something every day, and even if I didn't, I would just sit at the benches and do homework while laughing with friends. I never realized how much my life revolved around school until quarantine, and while I do wish we had a send-off or a graduation, I'm glad I got at least a few weeks as a second-semester senior. Either way, I'm still excited for what college entails, so I'll conclude with one more thank you to our amazing Alumni!

### **Reeya Dighe '20** **George Washington University**

...For five incredible years, Walnut provided a safe and curious environment that fostered my love for critical thinking. I immersed myself in history, government and humanities classes and found myself engaged in critical dialogue that forced me and my peers to challenge the values we were conditioned to hold. The amazing teachers and experiences I had at Walnut drove my decision to pursue an education in International Politics with hopes of future in legal studies.

### **Grace Kelly Fulton '20** **Cornell University**

...The students of Walnut Hills High School are extremely lucky to have such a generous alumni association full of alumni who are determined to help us succeed. I thank you all so greatly for reviewing my application and choosing to help send me to college to pursue my passion for the visual arts! Throughout high school the arts were definitely what brought me joy and comfort. From theatre to choir to drawing to piano to dance, I can never get enough. Now being rewarded for doing the things I love to do and for sharing my passions and art with others, I recognize all of the amazing things Walnut has done and continues to do for me and my path forward.

### **Augustus Otto Kindel '20** **The University of Pennsylvania**

...As have I discovered in the last six years, overcoming any challenge requires a team backing you. With the help of the community surrounding me, I can now appreciate our motto for what had been lost in translation. "Sursum ad Summum" represents our quest as young people to confront what is unfamiliar and conquer our fears: those intellectual, those social, and those times when we are unsure of our direction.

Walnut Hills' community gave me countless opportunities to grow as a student, communicator, and young man. The Sursum Ad Summum Scholarship represents that same commitment. The next four years of college will certainly challenge me in new ways, thus I could not be any more grateful to receive such a generous grant. Thank you for your support.

## WHAT IS THE ALUMNI CONTRIBUTION?

Alumni added 7 new scholarships this year (see page 11) and awarded approximately \$300,000 to graduating seniors.

# WHHS Alumni Foundation January 1 – December 31, 2019

Annual Campaign	\$ 1,165,737
Restricted Gifts	1,056,319
Total	\$ 2,222,056

## Ways to give

### Sustained Giving

A sustaining membership is automatically renewed at the end of one year and will remain in effect until you contact Walnut Hills to cancel or change the amount of your monthly or annual gift. Consider giving just \$10 a month. Every contribution makes a difference.

### Stock Gifts

Contributing gifts of stock to the Alumni Foundation can mean extra tax benefits for you, while generously supporting your alma mater. Please ask your broker to transfer shares to one of our accounts listed below.

### WHHS Alumni Foundation Brokerage Accounts

Federal Tax Identification Number: 31-1449932

Account number: 639 04A00 | DTC: 8862

### Matching Gifts

Your donations to the WHHS Alumni Foundation can double or even triple in value if you qualify for a matching gift through your employer. Check with your company's human resources department to see if it has a matching gift program. Procedures for submitting matching gift requests vary by company. Some companies now offer matching gift applications via the internet, through a toll-free automated phone system, or by filling out a form and mailing it with your contribution.

### Honor/Memorial Gifts

Sending your gift to the WHHS Alumni Foundation in honor or memory of someone is a special way to support a great school and honor a friend. Simply enclose a note with your contribution indicating the occasion and the name and address of the person you are honoring. We will send the honoree a card notifying him or her of your gift. The amount of the gift is not disclosed.

### Planned Giving

Naming the WHHS Alumni Foundation in your will or estate can mean significant tax benefits for you while supporting the future of quality public education. Certain types of Charitable Remainder Trusts can even provide income for you and your family in addition to providing a meaningful gift to your alma mater.

### In Kind Gifts

Please call us at (513) 363-8500 if you have a computer, office supplies, musical instruments, books, art or other school equipment you would like to donate.
