

**Walnut Hills High School**  
**Local Decision Making Committee Meeting**  
March 9, 2017  
6:00PM  
Minutes

**Attendees**

The following LSDMC members were in attendance: Mitch Perdrix, Terrence Poole, Laura Deck, Brian Sweeney, Beth Ormsby, Rich Coleman, Kathy Restle (in for John Chambers), Adam Sela, Emily Bond, Steve Baker and guest, Anna Byers.

**School Start Time**

Anna Byers is a parent of a ninth grader and an eighth grader, who is working with some other concerned parents to change the start time for WH. She spoke about what she has learned from her meetings with district representatives. Metro seems supportive of the idea but the problem is overlapping of dismissals at the high schools and funding for extra busses. Anna will continue to work toward the goal of starting school later, will be in touch with district representatives, and will come to the April LSDMC meeting with a timeline for possible implementation and ideas for a survey to stakeholders.

**Principal Search**

Steve continues to be in discussion with School Exec Connect. He has distributed a calendar and timeline to the principal search committee. One of the consultants, Craig was here two days last week and Kevin will meet here next week. Debbie Heldman will do the organizing. The position is posted at CPS and will be refined after the next PSC meeting.

**Other Business**

No other business was discussed. Meeting was adjourned at 7:00 PM.  
Next meeting will be April 20 at 6:00.
